

Gemini

200 & 400

NEW PRODUCT INFORMATION

Introducing the *new* ultra-compact **Gemini 200 & 400**. The Gemini 200 & 400 offers many new features not available on the previous entry-level Gemini flash heads, without compromising on price or the high-quality standards that have become synonymous with the Bowens brand. Performance has not been compromised either with both models offering fast flash-durations, quick recycle times, auto-dump, flash power control over 5 stops (from full to $\frac{1}{32}$), full, off or proportional modelling, audible and modelling light 'ready' indications; as well as the world renowned Travelpak battery connection.

- **Mains & Battery Powered.**
- **Fast Recycle Times.**
- **Fast Flash Durations.**
- **5 Stop Power Range. (new)**
- **Auto Power Dump. (new)**
- **Proportional Modelling Lamp Control. (new)**
